

ROCKIN' JOKERS

Survey Summary - First I want to thank Van and his committee for putting the survey together. We got a lot of very good feedback. And also, thank you all who returned the survey.

Overall we have a great club. Most of the responses regarding the atmosphere of our Club and the mix of activities that we offer were very positive. People definitely like to dance here.

However, there is always room for improvement so, based on the survey, we will make a few changes, specifically in three areas:

Announcements - will be as abbreviated as possible, referring more to the calendar, flyers and the website. Please hold your applause for guests until the end of the list.

Sunshine - The Sunshine Chairman, Dorothy Haskins, will call people who are not here for one month to check up and make sure you know that you are missed. Please let Dorothy or me know if you know of someone who is ill.

Square Dance Workshops - The second tip will be a workshop tip. The intention is to sharpen our Plus skills. These workshops will include APD positioning, because it is felt that you learn the call much better if you learn it from all positions and APD is becoming the norm at hoedowns and festivals.

In addition to the scheduled workshop tips, Roger will be more inclined to do walk-thrus when the floor breaks down.

If you have a specific call that you would like to have workshopped, please let Roger or Josie know.

The Board intends to listen very carefully to what the members want this club to be so that we continue to be as successful as we are now.
